

RESOLUTION NO. 3271

SUPPORTING LEGISLATION PROTECTING HOME RULE

WHEREAS, numerous bills are now pending before the State Legislature to extend the life and jurisdiction of ~~the~~ San Francisco Bay Conservation and Development Commission which will expire this year: and

WHEREAS, many of these bills proposing greater regulatory powers be given *to* ~~the~~ Commission to control all type4 of development both at ~~the~~ shoreline and inland up *to* as much as a thousand feet have been presented *to* the Legislature; and

It is being recognized that ~~the~~ granting of such extension of regulatory powers to the Commission will materially violate the proven concepts of home rule, ~~thus~~ removing from existing local governments the traditional functions of community planning and zoning and arbitrarily transferring these functions to an unknown form of regional government,

NOW THEREFORE, BE IT RESOLVED BY the City Council of the City of Lodi that all State legislation he opposed which direcdy or indirectly call for the encroachment upon home rule by the extension of ~~the~~ State or any extension thereof: and

BE IT FURTHER RESOLVED that the State Legislature be immediately urged ~~to~~ protect the principles of home rule and *to* ~~retain~~ the basic rights of community planning and zoning within ~~the~~ established and workable framework of local government.
